PARAGON POOLS is family owned by Joseph M. and Joseph A. Vassallo

Each have over 25-years experience in Nevada. The duo is highly recognized for their innovative custom designs and premier customer service.

The Construction Difference

Sound design and quality construction is a result of in-depth professional training and years of hands-on experience.

The Vassallo's are committed to delivering projects above state and industry standards.

Paragon Pools has been showcased in numerous cable, TV and print profiles. They are featured on HGTV.com Designers Showcase.

Joseph M. Vassallo, CBP, PHTA Fellow
2012 PHTA Builder of the Year

Noted as an industry thought leader, Vassallo is highly editorialized, and featured in publications across the globe. Author of *The Al Fresco Life: Pools, Spas, Bars & Kitchens*, he was a contributing writer for the *Las Vegas Review Journal*, providing information on an array of subjects including construction, maintenance, design trends and outdoor entertainment. Joseph is the recipient of numerous design, business and philanthropic awards.

Joseph A. Vassallo, CBP
2021 PHTA Builder of the Year

Joseph A. was recognized by Vegas Inc. publication as a TOP 40-Under-40 business professional in Las Vegas. Through his CBP education and research, Joseph keeps abreast of the latest technology, applications and equipment to craft innovative, award winning AquaTecture™, as well as exploring energy efficient alternatives for the company's discriminating clientele.

THE PHTA

The Pool & Hot Tub Alliance (PHTA) formally the Association of Pool & Spa Professionals® (APSP) is the world's largest trade association and leading advocate representing the swimming pool and spa industry. The safe and enjoyable use of pools and spas is a priority for PHTA members.

THE PHTA CBP CERTIFIED BUILDING PROFESSIONAL

The PHTA CBP program enhances the professional identity and academic background of the PHTA builder members through an emphasis on ethical standards, commitment to the highest standards of construction and workmanship, business stability and superior customer relations.

To earn this certification, qualified PHTA members must successfully complete a standardized written examination that measures their knowledge of residential and commercial pool and spa construction.

A prestigious designation, CBP's must complete ongoing CEU's to maintain the certification. Qualified Builders reference the PHTA Builders Manual to prepare for an objective examination that tests both technical knowledge as well as business expertise.
